

**June 1, 2011**

**This list contains all information available as of June 1, 2011.**

Organized alphabetically by the recipient's last name, the list also includes the college or university reported on the student's application. Separate lists are provided on our website that designate specifically those recipients awarded Triple and Quadruple scholarships, based on the information we have to date.

As some Conferences have not met as of yet to determine its number of authorized recipients, a limited number of Quadruples are still pending. This list will be updated again by late-July, the projected date of anticipated confirmation from the various undecided conferences. Updated award letters will be sent to applicable recipients at this time as well.

If you were not randomly selected for a 2011 UMDFS scholarship but are a qualified candidate, you are listed as an alternate. Alternates will be drawn randomly as cancelations of current awards transpire. Cancelations may occur due to student transfer to a non-United Methodist institution or failure to submit the required VOE form to the Scholarships Administrator by October 1, 2011. Due to the process of alternate selections, church refunds for qualified applicants will be issued beginning in November. However, church refunds for unqualified applicants will be issued in July.
